

# Student Attendance Contest

**Prize:**  
**BLUETOOTH  
WIRELESS  
HEADSETS!!!**

*All you need to do is come to school!*

**Number of Draws:** 1 per community (or possibly 2 depending on the number of students attending).

**To Qualify:** **Every student** who is present for:

- 12 days in August/September; *and*
- 12 days in October will receive 2 tickets for their community draw.

**Bonus tickets:** **Only Students** who have already qualified for 2 tickets (present 12 days in August/September and 12 days in October) can earn additional tickets, 1 ticket for each day above the 12 days that they are present in each month.

## Examples:

- Cheyanne comes to school for 5 days in August, 15 days in September and 14 days in October. She would get 2 tickets for qualifying (12 days in each month-August/September combined and October) plus 8 extra tickets for August/September and 2 extra tickets for October, for a total of 12 tickets in the draw!
- Anita comes to school for 13 days in September and 15 days in October. She would get 2 tickets for qualifying (12 days in each month) plus 1 extra ticket for September and 3 extra tickets for October, for a total of 6 tickets in the draw.
- Belinda comes to school for 19 days in September and 7 days in October. Even though she had great attendance in September, she wouldn't qualify for the draw because she did not have 12 days or more in October.
- *So Cheyanne has a better chance of winning than Anita, but Anita could still win!*
